

Association of Chinese Americans (ACA) Participated in AARP's Grandparents Day Event

Members of the ACA Senior Club participated in AARP's annual Grandparents Day event. Members of the ACA Senior Choir Group, Line Dance Group and 500 Senior Apartment Dance Group brought a series of beautiful and successful performances for our Metro-Detroit grandparents.

ACA has partnered with AARP for years, and this year, our former Executive Director, Shenlin Chen, joined AARP Michigan to introduce the performers from ACA.

Grandparents Day is one of the most important annual events for AARP and ACA was honored to be invited to participate in this wonderful event. This year, the event was held at the Charles Wright Museum of African American History. This event is dedicated to honoring and appreciating the contribution of grandparents in families.

Most of our ACA Senior Club members are grandparents. They felt honored to be invited to the AARP Grandparents Day event. Our lovely seniors spent over ten hours a week to prepare for this event to show the mainstream society the happiness and power of our Chinese community, Chinese retired persons, and Chinese grandparents.

ACA is committed to and always interested in working with all kind of organizations, like AARP, to build a diversified Michigan.

IF YOU DON'T THINK
“REAL”
POSSIBILITIES
WHEN YOU THINK AARP

THEN YOU DON'T KNOW
“aarp”
